CALLA

Yellow

Yellow, the classic colour of Calla lilies, stands for knowledge, creativity and happiness. Our yellow calla assortment offers a wide range of yellow shades - from fresh lemon to warm gold. Our top picks include Gold Crown, suitable to medium to large pot with large golden flowers, Corazon and Sunclub, suitable for small to medium pots and highly floriferous. We feature two new varieties Hanoi, compact pot with golden blooms and Alice Spring, a new addition to the medium to large pot range with enormous flower power

CALLA

White & Cream

Our white and cream Calla lilies symbolise purity, peace, hope and eternity. Why not get to know White Flirt, for example? It offers a pot-covering plant with good post-harvest qualities, undoubtedly the best white pot calla on the market. Or discover the beautiful contrast between the ivory flowers and the lush green foliage of Intimate Ivory and Mint Julip. The classic Crystal Blush and pure white Crystal Clear are suitable for both pot plant and cut flower production. Thinking outside the box, white calla can be a uniquely exciting item for Christmas – stand alone or mix with your favourite poinsettia

CALLA

Pink

Sweet and romantic, but also playful and energetic. Pink Calla lilies are versatile, can be used year-round, and are the perfect gifts for Valentine's Day and Mother's Day. From the soft pink of Dreamland to the bold, luxurious Pink Puppy. Peter's Pride, whose many bright pink flowers contrast beautifully with the spotted dark foliage, has a compelling appearance. Its enormous flowering power makes this cultivar suitable for cut flower production

CALLA

Purple

Purple Calla lilies bring a sense of luxury, style, spirituality and decisiveness. Both the light and dark flowers combine well with the dark green foliage and are a valuable addition to any cut flowers and pot plant program. The extremely floriferous Savannah is a new addition. It blooms start out as lavender and age into a deep plum colour

CALLA

Red

The range of red Calla lilies is wide and varied, from light to burgundy. The colours symbolise energy, strength, passion and triumph. Perhaps the most popular pot variety in this colour range is Callafornia Red, thanks to its intense colour, compact habit and high flower count. For larger pot sizes, Red Emotion, Bloody Mary and Tropical offer full statues and large flowers perking atop attractive foliage

---------------------------	-------------------------	-------------------------

Our assortment is extensive, guarantee to meet all your calla needs – any occasions, any pot sizes, any end market requirements.

Our Calla lilies are easy to grow and our technical team is always ready to help.

Our incredibly extensive breeding programme promises to launch plenty of strong and innovative Calla lilies in the future.

BREEDING FACILITY

Sustainability is the common thread at Dümme Orange Calla. Our breeding goal is to develop stronger and better varieties for the market – superior ornamental values, high tuber yield, disease resistance, shorter production time, requiring fewer resources to grow and good post-harvest qualities such as long shelf life. To achieve this, we use state-of-the-art breeding facilities, combined with Dümme Orange’s in-house knowledge and experience. Customers all over the world are served and supported with the best innovations.

CULTIVATION

The Netherlands has the largest cultivation area of Calla tubers in the world. Dutch Calla tubers are used worldwide for the production of cut flowers and pot plants year-round. The sandy loam soils in the Netherlands and the mild climate make for perfect growing conditions for Calla tubers. Customers all over the world can count on the healthiest tubers from our own production as well as from the best growers in the Netherlands.

STORAGE

We have invested in state-of-the-art storage facilities for tubers with ozone treatment and optimized conditions for improve tuber quality. In addition, we control the quality of the tubers before they are sent to customers.

CALLA

Cut Callas

Calla lilies add instant elegance to elevate any bouquet and floral arrangement or any situation when they are used as the centre piece. We are proud to be the exclusive supplier of the most popular cut Calla varieties Crystal Clear and Crystal Blush. In addition, we offer a range of cut Calla lilies in various colours, head sizes and stem lengths

SCILLA PERUVIANA

Caribbean
Jewels®

Our Caribbean Jewels® don't need much input to shine in the garden, on the terrace or on the balcony in early spring. This series of Scilla peruviana, originated from the Mediterranean, is very drought-tolerant and suitable for naturalising in the garden as long as the soil does not freeze. Caribbean Jewels® thrive in pots and make unique long-lasting cut flowers. Our newest varieties are compact, multi-flowered and therefore ideal for pot plants

EUCOMIS

Aloha Lily®

Bring paradise into your home with Aloha Lily®, our collection of dwarf Eucomis. This plant, with exotic, coconut-scented and long-lasting flowers, requires little input. Eucomis is originally a South African crop that is also known as pineapple lily. Our Aloha Lily® collection is disease resistant and particularly well suited for small and medium pot sizes but can also be used in large pots with multiple bulbs. Get to know five beautiful cultivars, including the much sought-after bordeaux-coloured Leia. Perfect for supplementing the Calla lily cultivation programme in the summer

DÜMMEN ORANGE BULBS & TUBERS ORDERING GUIDE

Bulb sizes and packing information

Dümmen Orange Bulbs are graded and sold in different sizes measured as inches (diameter) and centimeters (circumference).

Standard packs and multiples

Please order in full crate counts. Orders will be rounded to the nearest full crate count if necessary.

Specify ordering

In order to provide you with the best possible product for your specific needs, please specify the following details when submitting orders:

- Grade: "Grower" or "Dry sales" (retail, mail order, for home and garden use)
- Usage for Growers: "Cut Flower" or "Pot"; if for "Pot", please indicate pot size and intended number of bulbs per pot.
